Masters - Canadian (56#)	Warren Trask	18' 0"	Chatham, ON	2006

Marks in Italics are unofficial and are still being researched to determine the record.

Marks in Bold Italics are listed as official by either the Masters Website (www.scottishmasters.org) or www.highlandgames.net but questions exist. Often, the source of the mark cannot be verified, the location of the event cannot be determined or conflicting records such as a better mark by the same athlete exist.

¹ The Masters Web site does not keep records for the Heavy Sheaf for Men or Women or the 56# Weight for Height. These marks are recorded at <http://www.highlandgames.net/>

² The Women - Canadian record for the Light (10 lbs.) Sheaf has been proposed but not yet ratified by the CSAF.

³ Don Stewart did not compete in the first four of seven events of the competition.

The information on this list is derived from the Websites maintained by:
 Adam Guasch-Mieleuder (www.highlandgames.net/)
 North American Scottish Games Association (www.nasgaweb.com)
 Scottish Masters Athletes International (www.scottishmasters.org)
 Canadian Scottish Athletic Federation (www.csaaf.ca)
